با سلام و احترام

بدینوسیله به استحضار میرساند که میزبانی مسابقات دوسالانه برترین طرح‌های تجاری الکترونیک آسیا موسوم به e-Asia Awards در سال ۲۰۱۹ برعهده کشور تایلند بوده و نماینده جمهوری اسلامی ایران در این دوره از مسابقات، مرکز توسعه تجارت الکترونیک وزارت صنعت، معدن و تجارت می‌باشد. در این مسابقات، طرح‌ها و پروژه‌های برتر کشورهای آسیایی در حوزه‌های تسهیل تجاری، کسب و کار الکترونیک در بخش دولتی و در بخش خصوصی و همچنین، ایجاد فرصت‌های برابر در بهره‌گیری از تکنولوژی فناوری اطلاعات و ارتباطات را در بر می‌گیرد. از آنجا که حضور در این رقابت بین‌المللی علاوه بر اهمیت ملی آن به جهت حضور نمایندگان اصلی و فنی کشورهای عضو، فرصت معتنمی برای تبادل نظر و عرصه توانمندی‌های کشور را فراهم خواهد آورد، مستدعی است در صورت تمایل، طرح‌ها و پروژه‌های منتخب تحت حوزه نظارتی خود یا هر یک از سازمانهای متبوعه را در قالب دستورالعمل تدوین شده بشرح پیوست تهیه و تا پایان روز اداری شنبه ۲۱ شهریور ماه سال جاری به این مرکز ارائه نماید تا متعاقباً سایر مراحل بررسی و ثبت در لیست پروژه‌های شرکت کننده صورت پذیرد.

شایان ذکر است که برگزاری این دوره از مسابقات و اعلام برندگان نهایی آن برای اواخر نوامبر ۲۰۱۹ مقارن با اوایل آذر ماه امسال و همزمان با برگزاری نشست اصلی شورای تسهیل تجاری و کسب و کار الکترونیک منطقه آسیا و اقیانوسیه، موسوم به اجلاس AFACT (Asia Pacific Council for Trade Facilitation and Electronic Business) بوده است. در این مسابقه به برترین طرح شرکت کننده از هر گروه، نشان تقدیری از سوی شورای AFACT اعطا می‌گردد.

1. Introduction

The eASIA Awards are administrated by the Asia Pacific Council for Trade Facilitation and Electronic Business (AFACT). The event aims at arousing awareness of digital transformation, promoting the achievement of AFACT member countries/economies in the development of trade facilitation, electronic business policies and activities, and initiatives for bridging digital divide in the Asia Pacific Region. The purpose of the eASIA Awards is to recognize the significance and great effort made within AFACT community and to encourage exchange of best practices. The event also intends to develop the mutual understanding and experience sharing between member countries/economies by showcasing the shortlisted projects in the eASIA Awards Exhibition. The awarded project organizations can also play a role of consultant or trainer to be invited to some AFACT member countries/economies where their HoDs deem it valuable to introduce the best practices to their relevant governmental agencies or private sectors.

The eASIA Awards was initiated by Chinese Taipei in 2002 and commenced its first contest in 2003. Since the past 16 years there have been totally 159 projects participating in the Awards contest, and 89 projects were selected out for their outstanding performance and showcased in AFACT once two years organized by the respective Host Members. We are proud to say that the goals of promoting good practices in informationization and electronization carried out by AFACT member countries/economies have been achieved to a great extent.

2. eASIA Awards Categories¹

There are totally four categories of eASIA Awards, namely:

- ***Trade Facilitation and eCommerce***
- ***Digital Transformation (Public Sector)***
- ***Digital Transformation (Private Sector)***
- ***Creating Inclusive Digital Opportunities***
- ***Special Honorary***

¹ *These categories may not be changed, if desired by StC, depending on the need of the time.*

Trade Facilitation and eCommerce

Trade facilitation needs to be supported by efficient business process and data exchange across governmental agencies. eCommerce used to be practiced mainly amongst partners in the private sector. It has been more and more requested by the concerning authorities to comply with regulations with respect to taxation, credit and risk management, and online dispute resolution. Cross border business model therefore needs better streamlined business process, harmonized data for legal and regulation compliance.

Projects with the following characteristics are most encouraged to participate in. 1) Improving the balance among governmental legislation, 2) enhancing international trade or eCommerce, 3) increasing information visibility, by evaluating the concrete effects on trade regulatory and facilitating agencies control and security, tax-related efficiency, trade promotion, and business efficiency, 4) adopting a leading model in terms of simplification in trade procedures, single entry point, 5) implementing innovative application of UN/CEFACT standards and recommendations, and have improved service performance, and 6) successfully enabled bilateral or multi-lateral international cooperation.

Digital Transformation (Public Sector)

The public sector category refers to the distinguished government related projects using Internet technology and standards to enhance e-Government, e-Industry and e-Business programs significantly in order to drive digital transformation. Projects as a leading model which generates excellent outcomes and benefits in term of awareness raised, a mechanism of collaboration and connection over internet across ecosystem, as well as significant increase in the overall productivity or competitiveness will be recognized.

Digital Transformation (Private Sector)

The private sector category refers to the projects being executed among private institutions to drive digital transformation and enhance internal and/or external e-Business alliance efficiency. Projects as a leading model, which generates excellent outcomes and benefits in terms of collaboration and connection over internet, social network, and the physical world within organizations across ecosystem, as well as significant increase in the productivity, competitiveness, or better user experiences, will be recognized.

Creating Inclusive Digital Opportunities

The category will be focused on projects that ensure the equal opportunity of people and businesses in technology usage, such as: 1) broaden access of computers, the Internet, high-speed networks, and social network, 2) provide people and businesses with the skilled teachers and training they need to master the digital economy, and 3) promote online contents and applications that will help empowering all people and businesses to use new technologies to their fullest potential.

Special Honorary

The category will be honoring the person, group, organization or governmental unit with significant contribution, which improves the development of trade facilitation, cross border eCommerce, international collaboration, and resultant in credit to AFACT community.

3. Eligibility
